### To the customer

#### < Release of Liability >

- I fully acknowledge that the snow sport I will participate in with rental equipment contains dangers and recognize the extensive risk of injuries involved in the activities.
- In consideration of the rental equipment including selection, installation, maintenance, and adjustment by Winter First Ski Rental, I release and fully discharge the hotel, shop, owners, and employees from any liability resulting from any personal injuries and damages to a third party.
- I understand that the skis/boot/binding system which I have rented will not release at all times or under all circumstances where a release may prevent injury, nor is it possible to predict every situation in which it will release. I therefore understand the system I have rented cannot guarantee my entire safety.
- I agree to pay the deductible (corresponding to the actual value) in case of loss or intentional damage of the rental articles.

#### < Important Notes >

- One day is counted based on the open hours of the ski resort (until the end of the night ski session).
- A full fee will be charged regardless of use or non-use of rental equipment during the rental period.
- Actual expenses will be charged for the loss or damage of any rental equipment.

#### < Rental Checklist >

- Please read the rental agreement before signing.
- Please have basic understanding towards the functions of the equipment.
- Please check the release torque values when you rent the skis. Release torque values of rental skis are based on the standard of the SBB (ski-binding-boots system) ISO-NO 11088 and set to an average value. Please tell the clerk if you have any requests for release torque values.
- Rental ski and bindings – Binding mounting area and all other test standards are extensively applied by all manufacturers.
